Weekly UPS/FedEx Invoice Auditing & Recovery

There are mistakes, overcharges and/or late delivered packages on each and every UPS/FedEx invoice, 52 weeks per year.

You can recover significant expenses by auditing your FedEx/UPS bills. Unfortunately, most companies don't have the employees, the time or the expertise to analyze these invoices internally.

As former employees of UPS, FedEx, and DHL, our tenured professionals at LJM GROUP have many years of industry experience, which is required to thoroughly and successfully audit your invoices and get that money back to you --- every single week. Let our auditing experts worry about the particulars while you focus on your core business.
